

Mrs. King's 3-yr old Class
March 5, 2010

This has been a great week to talk about weather! We started off on Monday with cold weather and occasional snow showers and we are ending the week with weather more like spring - it is about time! We have talked about snow, wind and rain as well as the sun and clouds. The children were able to make their own wind/rain paintings by blowing paint across paper with straws to create raindrops. Of course we had to add umbrellas to keep everyone dry! We were able to watch our shadows on Thursday when the sun came out and we realized that when we saw our breath outside at recess it was really a mini cloud. They were fascinated! We also celebrated Dr. Seuss's birthday on Tuesday. We read some of our favorite Dr. Seuss books, played rhyming games and even made a "Cat in the Hat" hat.

We have added two tokens to our "Lenten Eggs". The first is a heart which reminds us of God's love for us and how he wants us to love others. The second token is a seed. The seed reminds us how great God is that he can make huge trees grow out of tiny seeds. Next week we will begin our unit on space. It is sure to be a fun-filled week! Letter Show and Tell on Wednesday will be for the letter "T" and our number focus will be on the number 4. Thank you to Cameron for bringing the snack this week. Next week Jenna will be bringing the snack for the class.

One last note, with all the colds and illnesses being passed around the school, we are coming to the end of our supply of hand sanitizer. If you would be willing to send in a bottle with your child in the next week or so, it would be greatly appreciated!

Thanks for sharing your children with us! Have a great weekend!
