JANUARY FUN!

Happy New Year!

January sure has been a busy, cold month!

We've read a ton of books. We are taking a lot of AR quizzes.

In Science we are studying plants and animals and their need for each other.

Dr. Martin Luther King, Jr. is a special American. He believed in fair laws for all Americans. We're writing stories about dreams we have for ourselves.

We're discussing the benefit of getting along in school and the reason we have rules.

Math is fun. We continue, to count money, tell time to the quarter hour, add, subtract, and write number stories. We're waiting for the 100th day of school.

We know we are special and that God loves us!!!
