3/11 AR Reward Party

3/11 First Grade Mass

3/16 Philharmonic Concert ("Peter and the Wolf")

MARVELOUS MARCH!!!

First Grade Facts!

March came in like a lion and hopefully goes out like a lamb.

Rowdy, the pony, came to visit. We got to touch him and learn about caring for him. We also received our first hardback book, Little Black, A Pony. We can't wait until our Horse Park Field Trip. We get to read to the horses.

Time, money, and math facts still need to be practiced!

In Science we're learning about the Earth. It's really fun to classify rocks. We like to study and read books about fossils.

We know that the Earth is a great place to live. Our country, the USA, is the best. Our state of KY is one of 50 states.

Art is one of our favorite subjects and we can't wait to do more projects.

We are bright and shining stars and God loves us.
