

Mrs. Younger's 4yr old class  
February 4, 2010

What a FUN week! We have enjoyed Catholic School's Week activities, celebrated two birthdays and had the 100<sup>th</sup> day of school. The days have just flown by!

On Tuesday we were able to watch a play, in the cafeteria, given by the Lexington Children's Theater. The play was called "The Fisherman's Wife". It was wonderful! The kids had so much fun interacting in the play as waves, wind, crickets and many more sound effects. We even wrote in our **journals** what we would wish for if we caught a magic fish.

In our **learning centers** we **counted** and matched numbers to the correct number of fish. We also used flowers to make different patterns. We practiced **beginning sounds** by matching pictures to the letters they belong to and worked a puzzle finding lower case and capital letters.

Some things to work on with your child at home:

- \* Sounding out pictures/words and naming their beginning sound. (example: bear, b)
- \* Handwriting (capital and lower case)
- \* Names
- \* Fine motor skills (lacing, scissors, puzzles)
- \* Naming words that begin with letters (example: word that starts with a G... goat)

We will be having a small Valentine's Day party on Thursday, February 11. Students are able to bring in Valentines to pass out on this day. Please make sure the To: and From: are filled out on each valentine.

There will be no school on Monday, February 15.

Have a great weekend!!

Mrs. Younger
