

Mrs. Younger's 4yr old class
March 4, 2010

What a wonderful play! The kids enjoyed it so much and they did a wonderful job walking to the theater. Best of all it was FREE!

This week we learned about the different types of weather. We talked about tornados and how powerful they can be. In our journals we recalled what we are to do in case of a tornado. We had very many interesting answers and are now prepared incase of one.

In following the weather theme we made our own weather Pictionarys and weather letter/sound matching game. The kids had a lot of fun during both projects and were glad that they could take them home to keep.

Our working/learning centers are going GREAT! They are having so much fun while they play games teaching them math and letter skills.

In celebration of Dr. Seuss' birthday we will be reading a different book each week from this beloved author.

Next week we will be talking about the letters Qq & Rr with a "Space" theme.

Have a great weekend!!

Mrs. Younger
