

Pridemore's Paper
March 5th, 2010

~March is here! The children have had a very busy week learning all about the weather, clouds, the letter "Q" and number words. Fine motor skills were exercised with weather card cut outs, a weather booklet and a lot of scissor work! For science; size, shapes and weights of clouds were discussed along with all kinds of scary weather.

~The field trip to the Lexington Children's Theater was great and everyone was well behaved and had a wonderful time. It is always nice to get out and utilize the downtown area for our program!

~Next week we will begin the letter "R" and the number nine with a Space theme. There will be lots of great science experiments, journal entries and math skills along with daily skills.

"R" Alphabet Song (tune of She'll Be Coming Round the Mountain)

Roy's dog Rover runs all over, Rover runs!

Roy's dog Rover runs all over, Rover runs!

Rover races, Rover chases, Rover chews on Roy's shoe laces.

Oh yes Roy's dog Rover runs all over, Rover runs!

~Summer camp spots are filling up, make sure you reserve your spot quickly!

~Spring Break is the week of March 29th.

~Mrs. Jacob and I are finishing up assessments and will begin conferencing after Spring Break.

~Your support of book orders has been phenomenal! This month for every \$20 order that is placed, the class will be eligible to win 100 bonus points, a digital camera, a flat screen television or an interactive smart board. I have included the order forms and they need to be returned by Wednesday, March 10th.

Have a great weekend!

Mrs. Pridemore & Mrs. Jacob
